

Land at School Road Langham

The proposals map shows grazing land at School Road, Langham owned by Essex County Council as being 'open space'.

The open space designation is assumed to be in error, and we would be grateful if it is possible to correct this and remove the open space designation.

The grazing land has been fenced and used for well in excess of 10 years for grazing, and has been let on a horse grazing tenancy. No public access is allowed over the land, and it has been continuously used for horse grazing.

Attached is a plan showing the grazing land edged red (overlaid on proposals map), and photographs of the site.

The site can be seen from the adjacent track. Should further details be required please contact Essex County Council's agent Lambert Smith Hampton (C/O James Wood - jwood@lsh.co.uk / Tel: 07860 188817)
